FIZZ...BANG...POP...FLASH

8:00 - 3:30

Are you ready to mix up some wild wacky science magic? Each day we will uncover magic's "science secrets" by doing our own experiments. Watch out things can get crazy like exploding jars "BANG" and water that turns into instant light "FLASH." Mix "FIZZ"ing powders and invent a new soda "POP." Create a mini rainbow in a test tube, make money disappear, and use mirrors that let you see things that are not really there.

August 3 - 7 ROCKET BLASTERS & EXTREME MARS

You'll have a BLAST. Fuel it up...lock it down, and blast off the all new Q-H2O Hydro Blaster skyward. "Earth calling Mars, this is mission control, your objective is to build your own Mars Rover & explore planet Mars." Your motorized robot will automatically investigate and collect Martian samples and must steer away from danger. Make an Earth you can eat, discover compass geo-trekking, launch helicopters and much more.
